

701 Adhesive for wall paper

Product information

Beck & Jørgensen A/S

Product Description

Ready to use adhesive for wall paper of all kind, in dry and heated rooms.

Also to be used in a adhesive applier machine.

Directions for use

The substrate must be clean, dry and sound / stable and free from all substances that may prevent good adhesion, and old wall paper.

Remove dirt, dust and loose material and wash down the surface with appropriate detergent.

Priming of porous and water absorbing surfaces with Microprimer 716 or similar is recommended.

Apply the adhesive carefully in smooth and sufficient layer.

Cleaning instructions

Cleaning with clean water, preferably added a little detergent, immediately after use.

Safety & environment

Brush / Roller: Working close, PU-gloves and protective glass.

Spray: Protective clothing, PU-gloves and shield. A2P3 mask, with air supply when needed.

Sanding: Working clothes, PU-gloves and protective glass. P2 mask with air supply when needed.
