

Product Description

Semi matt clear lacquer for coloured chips for walls at staircases.
To be used on most kind of wall paints and gives a cleanable surface.

Directions for use

The substrate must be clean, dry and sound / stable and free from all substances that may prevent good adhesion. Remove dirt, dust and loose material. Wash down previously painted surfaces with appropriate detergent. Priming of porous and water absorbing surfaces before painting.
The walls are painted with a wall paint gloss 6 or more in chosen colour.
Add 6-800 grams of chips in the lacquer and apply carefully in smooth layer with roller with short pile.
Apply a second layer of lacquer without chips to give a resistant surface.

Cleaning instructions

Cleaning with clean water, preferably added a little detergent, immediately after use.

Safety & environment

Brush / Roller: Working close, PU-gloves and protective glass.
Spray: Protective clothing, PU-gloves and shield. A2P3 mask, with air supply when needed.
